# CHILMARK SCHOOL

SINCE 1663

Dear parents and guardians,

At Chilmark School we use Google Workspace for Education, and we are seeking your permission to provide and manage a Google Workspace for Education account for your child. Google Workspace for Education is a set of education productivity tools from Google including Gmail, Calendar, Docs, Classroom, and more used by tens of millions of students and teachers around the world. At Chilmark School, students will use their Google Workspace for Education accounts to complete assignments, communicate with their teachers, sign into their Chromebooks and iPads and learn 21st century digital citizenship skills.

If you have concerns about Google's Privacy policies in its education platform please use the following link to read about their Google Workspace for Education Privacy Policies.  
[https://workspace.google.com/terms/education\\_privacy.html](https://workspace.google.com/terms/education_privacy.html)

Because we place the highest priority on protecting our students in the digital sphere, included with this permission slip is information about our content filtering and monitoring software Go Guardian.

Please read through the information we have provided. If you have any questions, please reach out to us. We ask that you sign and return this permission slip in order that your child may fully participate and be provided with a device.

I give permission for Chilmark School to create/maintain a Google Workspace for Education account for my child and for Google to collect, use, and disclose information about my child only for the purposes described in its Google Workspace for Education Privacy Policy.

Thank you,

*Kate Squire*
